

Formulation Without Compromise

GENTLE, EFFECTIVE PRODUCTS, ROOTED IN SCIENCE

PURELL® formulations are built on decades of scientific innovation, and as a result, the PURELL brand is recognised by guests, customers, and employees for providing world-class solutions. This lets you take credit for all the things you do to maintain a clean, high-quality facility that prioritises their well-being.

Healthier, Happier Skin

PURELL® hand sanitisers are formulated with mild and effective ingredients, so you can get the effectiveness you need while maintaining skin health¹ – in any situation. Healthy skin is a great foundation for a hand hygiene programme.

Science-Based Solutions

The PURELL SOLUTION™ leverages uncompromising hand hygiene products – along with our gentle, effective surface sanitisers – to provide guests, customers, and employees with products that work and that they feel great about using.

What does formulation without compromise mean?

Our hand hygiene and surface formulations are the result of decades of scientific innovation.

Maintaining skin health is an essential part of good hand hygiene, and PURELL® products are scientifically proven to help skin stay moisturised and feeling soft – even with frequent use.

The products that make up The PURELL SOLUTION™ give you the strength you need without harsh chemicals, so there's no compromising safety for effectiveness.

PURELL® Advanced Hygienic Hand Rub

From America's number one brand of instant hand sanitisers² comes a formulation that kills 99.99% of most common germs that may be harmful.

Convenient Sanitising

Offer easy hand hygiene options everywhere soap and water aren't available.

Trusted Brand in Hospitals

Efficacy in critical situations, while maintaining skin health in high-use environments.

Gentle and Effective

Formulated with the mildest, most effective ingredients available, including moisturisers and skin conditioners.

PURELL Surface Sanitising Spray & Wipes

Backed by years of scientific expertise, the PURELL brand now brings you surface sanitising spray and wipes. These products are approved for food-contact surfaces and don't require rinsing.

Fast and Effective

Fast acting formula quickly eliminates germs.

High Antimicrobial Efficacy

Bactericidal, fungicidal, virucidal. Virucidal activity on limited spectrum according to EN 14476 standard.

Multi-Surface Formulation

Compatible on most smooth surfaces including desks, tables, toys, fitness equipment, and more.

Use biocides safely. Always read the label and product information before use.
