

# HAND & SURFACE HYGIENE: A RECIPE FOR SUCCESS

You can make it easy for employees, customers and guests to practice good hand hygiene and reduce the spread of germs to hands and surfaces by making GOJO® hand soaps and PURELL® hand and surface sanitising solutions accessible in high-touch areas.<sup>1</sup>

- GOJO and PURELL Dispensing Systems are easy to service and built to last.
- PURELL Surface Sanitising Spray and PURELL Surface Sanitising Wipes are fast acting, fast drying, do not need rinsing after use, and are suitable for use on food contact surfaces. These products passed the Coronavirus (bovine model) EN14476 norm, in 30 seconds.
- PURELL Sanitising Stations are freestanding and ideal for high traffic locations.
- PURELL hand sanitisers kill 99.99% of most common germs that may be harmful and are a great way to help prevent the spread of infection in any environment. PURELL Advanced Hygienic Hand Rub is active against Coronavirus (30s).<sup>2</sup>
- GOJO Antimicrobial Plus Foam Handwash is gentle on the skin and formulated to be highly effective for the removal of oils, fats, and soils commonly associated with food processing environments. Food taint test compliant: BS EN ISO 4120:2007. Dermatologically tested and suitable for sensitive skin.

## KITCHENS

### Entrances & Exits

- ☐ PURELL hand sanitising dispensers and stands
